Description

Beautiful 3-bedroom chalet in highly prized, peaceful, sunny location. South facing with panoramic views - This modern chalet was built in 2007 and is set in a beautiful, peaceful, sunny location with fantastic south facing views. The chalet is located in a small hamlet in the sunniest part of the valley, close to the market town of Le Bourg d'Oisans. This modern chalet is built over three floors and sits on a plot of land 1017 m², only 2km from Le Bourg d'Oisans and all of the local amenities. The closest ski lift is located in the village of Huez, only 10 minutes drive away. However, this area is equally popular among the road cycling community, due to its association with the legendary Tour De France cycle race and the mythical 21 bend road climb to Alpe d'Huez.
