Description

This fantastic project is currently under construction and is due for completion in 2026. It has a plot size of 25,485m² and a built size of 560m² split over three floors (basement, ground floor and first floor). This project has five double bedrooms, five bathrooms (all ensuite), a courtesy toilet, a large completely independent kitchen, a spacious living space with dining area and fireplace, a separate laundry area, several terraces and porches, a large garden, barbecue area, large swimming pool (approximately 60m²) and outdoor parking with capacity for several vehicles. Upon entering the property, we find the entrance hall that gives access to the spacious living space and dining room with a cosy fireplace. From the living space we have direct access to the large porch and the barbecue area, garden and pool. Returning to the hall on the right side we have the independent kitchen fully equipped with a laundry room. On the left side we find a courtesy toilet and three good size double bedrooms all with their own corresponding en-suite bathrooms. Going up the stairs from the living space we access the first floor of the finca. Here are the two suites of the property, with en suite bathrooms and private dressing rooms. These two rooms not only stand out for their size, luxury and quality fittings, but also because each one has its own huge private terrace that allows you to enjoy the views that surround the property. Of this project, it is worth highlighting above all the high qualities with which its development and construction will be carried out, the breadth of each and every one of the elements that make up this idyllic estate and the modern comforts that you will enjoy that make it an ideal place to enjoy. The privileged and demanded area in which the property is located means that you can enjoy tranquillity and privacy and at the same time have everything you may need nearby and just a few minutes by car. This property is for sale exclusively at SolMallorca. Do not hesitate to contact us for any additional information. We have the plans, the project and any additional information you may wish to know.
