Description

Drosato Manor is a beautiful 17th Century Manor House restored to the highest standards, only 10 minutes drive from fabulous beaches and great restaurants. A spacious 4 bedroom house with private swimming pool and stunning views across the countryside and down to the coast. Standing tall above its neighbours in the pretty village of Drosato, this is quite obviously the original Manor House. Enjoying stunning views of the lush green countryside and north coastline, Drosato Manor is a beautifully restored stone house believed to date back to the 17th century. The house has been lovingly renovated by its current owners to the highest possible standard, using locally sourced materials and tradesmen. Centrally heated and with air-conditioning units throughout this is a supremely comfortable house which could equally be used as a bed and breakfast or a large family home. The present owners let the villa privately for the popular summer period as the beaches on the north coast are only 10 minutes drive. The brand new open plan kitchen is fully fitted with cooker, large fridge freezer, microwave and dishwasher. There is a separate utility room with washing machine and drying and ironing facilities. There is also a downstairs wc with basin. There are four en suite bedrooms. Bedroom 1 is a large double with its own dressing room and balcony. Bedroom 2, also on the first floor is a large double with private terrace. There are two further bedrooms on the second floor - one is particularly large with vaulted ceiling and balcony. Bedroom 3 has a bath, the other three are with showers. Outside is a secluded walled garden and terrace with views across the valley down to the coast. There is a large private pool approx 8m x 4m and 1.6m deep.
