Description

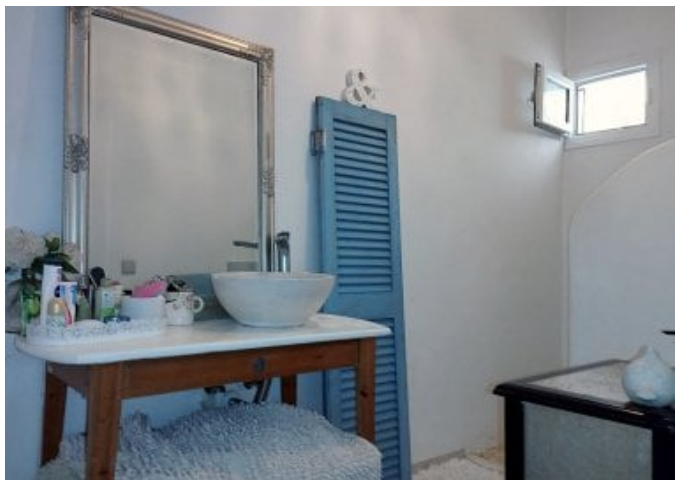

A spacious beach house, unique in its kind, right on the beautiful sandy beach at Almyros. Located in a prime seafront location, Driftwood Beach House is ideally positioned for sandy beach lovers. The property is currently divided into two sections - a three bedroom house at the front and a two bedroom self contained cottage at the rear. The main house has a spacious, open-plan dining and sitting room area with wide balcony doors leading out to a terrace facing the sea. There is a brand new energy efficient Krakti fireplace in the corner of the room, ideal for the cooler winter evenings. The modern kitchen, located next to the dining area, has a large window overlooking the garden with the sea in the foreground. A hallway leads to the three bedrooms and a guest WC/laundry room. The main bedroom has an ensuite shower and access to a shaded terrace. The other two bedrooms also have ensuite shower rooms with floating walls. The separate guest cottage has good sized kitchen and living room, with two bedrooms and a shower room. This part of the house is currently rented out during the summer months and provides a good rental income. The garden surrounding the house is flat, mainly laid to lawn with mature shrubs and olive trees at the back. There is plenty of space for a swimming pool should new owners wish to add one. During the summer months there is a large selection of bars and seaside restaurants within walking distance of the house, and the bustling town of Acharavi is just a short drive away.
