## Description

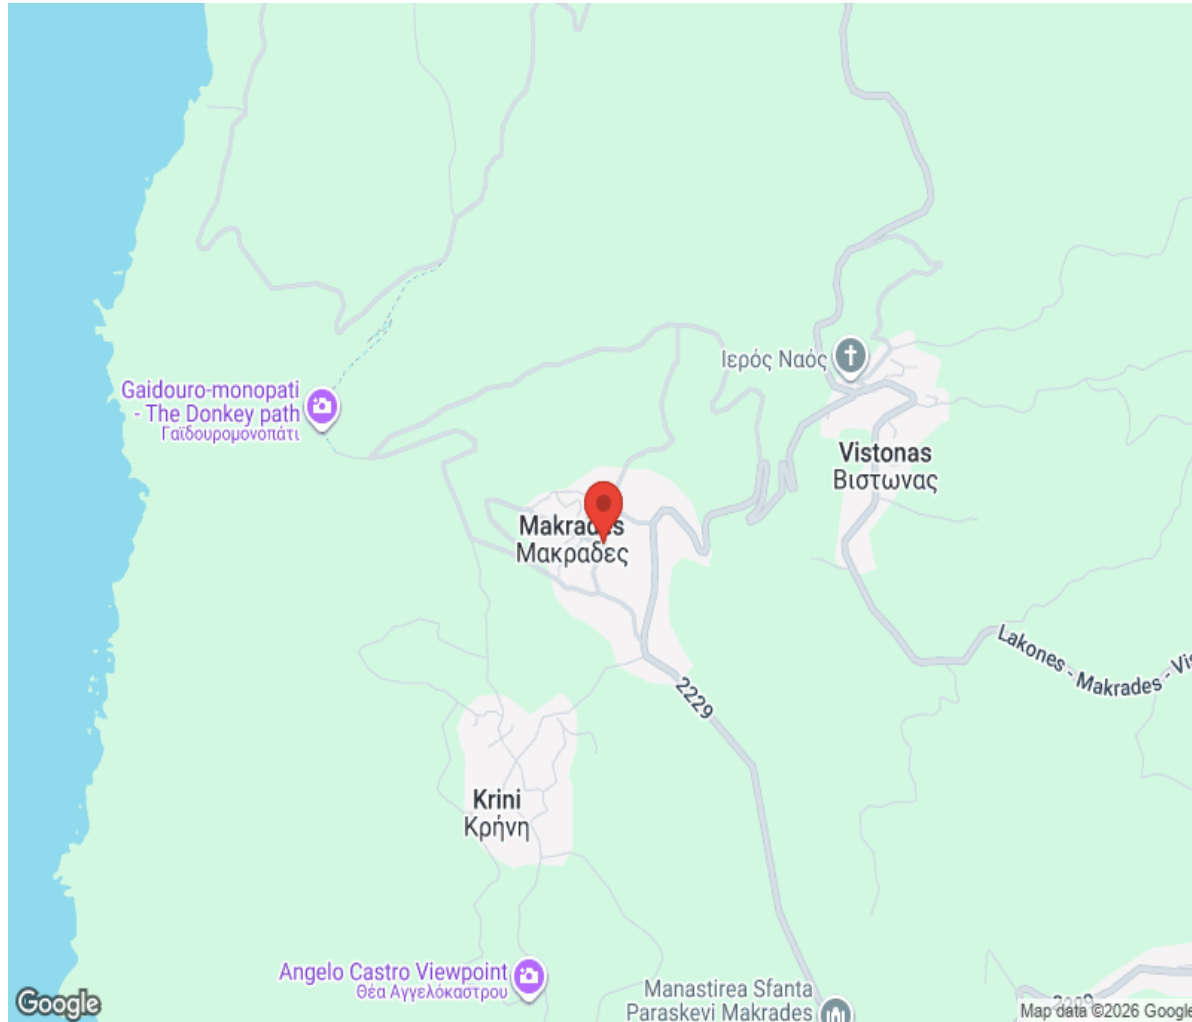

A small one bedroom apartment in the old centre of Makrades. The apartment covers the top floor of a two storey building which has been renovated in a immaculate way in 2017. A small alley leads to its private entrance - a metal door in a stone wall opens towards the veranda that runs alongside the whole apartment. Inside a hallway leads to the kitchen on the right and the bedroom on the left plus the bathroom up front. The kitchen is fully equipped and the apartment is sold with all the furniture and cutlery included. The apartment is currently set up to accommodate 3 people, with a double bed in the bedroom and a sofa bed in the kitchen. The property has been thoughtfully renovated and retained original features, such as the interior stone walls and exterior traditional white washed walls. At the moment the ground floor is rented out during the season. With a view towards the mountains and the old village rooftops, this apartment is located in the heart of Makrades and can make its owner - even while on holiday - feel as a true local amongst the villagers.
