## Description

An extraordinary manor house preserving the structure of the old windmill it once was — a piece of Mahón's living history. Set on a plot of over one thousand square metres, the property offers more than seven hundred square metres built, distributed over a basement, ground floor, first floor, attic space and the tower, which provides 360° views over the entire city of Mahón and even as far as Monte Toro. Additional volumes, a garage and a charming Andalusian-style patio with a pool complete the features of this remarkable property. The current layout offers up to ten bedrooms —or versatile rooms—, five bathrooms, several living and dining areas, a kitchen with office, an inviting porch and different outdoor spaces to enjoy depending on the moment. A central staircase connects all floors of the property, which retains many of its original features and would benefit from certain updates that its future owners will undoubtedly undertake with care. Shall we explore your future home in Menorca together?
