Description

A delightful house, in a charming area, this property is currently divided into two apartments, and enjoys a pretty sea view. Built by its present owner to their own design to provide flexible living, this attractive property has space to live year round and a further apartment for visitors. The house is built over four floors in total. Starting at the bottom, the lower level has a very large spacious room, currently used as a laundry and storeroom, but part of it has already been converted into a living space, with a little kitchen and bathroom. There is loads of potential here to do more. A stone staircase leads from the outside to the first floor, where there is a comfortable apartment with two double bedrooms, a bathroom, and an open living room/kitchen. There are lots of windows on all sides allowing light and fresh air inside, and several balconies with a choice of sun or shade. Another stone staircase leads up to the top floors. This is a large one bedroom apartment, with a kitchen/living area and large bathroom on the lower level and a bedroom tucked under the roof at the top. There is a spacious balcony from which to enjoy the sea view, and another terrace overlooking the swimming pool and garden at the back. Built in the 1990's, the property has been extremely well looked after and maintained, so it is ready to move into, with any refurbishments carried out over time. Outside there are various terraces and pathways leading to the lovely swimming pool and an area with fruit trees. There is an ideal spot to park several cars under the shade of the olive trees in the land next to the house.
