Description

This fantastic property is close to the resort and beaches at Paleokastritsa, but in a quiet location with a garden and swimming pool. Renovated in a contemporary style, this villa is ideal for year-round living or a perfect rental. The villa is set back off the road and approached by a sweeping driveway with electric gate. On two floors, the main house is upstairs, and has a large balcony to the front with sea views to the west. The front door leads into a large entrance hall, and to the left is a spacious living room with a high ceiling. To the rear of the hall is the dining room that leads through to the large modern kitchen with access to a paved terrace at the back of the house. To the other side of the hall are two large double bedrooms, one with an en-suite bathroom and the other with the bathroom off the hallway. Each bedroom has patio windows leading onto a long terrace that runs along the front face of the house and looks down to the swimming pool and garden. On the ground level are two completely separate apartments, each with en-suite bathrooms and direct access to the swimming pool. There is plenty of space for lounging by the pool and the flowerbeds are beautifully planted with seasonal flowers. The property has been renovated to high standards with all modern installations for electric, plumbing and heating/cooling systems.
