Description

Original LA LUZ UNDER \$400K! Designed by the late Award winning architect Antione Predock. This 60s classic adobe attached subdivision has been sought after for decades. Rare Find: Nestled in the heart of the bosque with open space, trails, Stunning views of the Sandias, Manzanos, Sangre de Christo mountains, and Albuquerque city lights. Detailed historical construction with a kiva FP, red brick, sunken living, and ease of enjoyment with private courtyards, elegance, grace, and history. Pool, Tennis courts, trails, privacy, with all you want from the land of enchantment. A beautiful home with care and attention to what we love about New Mexico. Did I mention 4 bedrooms?***See architect information in documents**
