Description

An impressive family home with a large garden, in a quiet location near to the resort of Dassia. This spacious property has been built to a very high standard, with excellent quality materials and finishings used throughout the house. Gates lead into the walled property grounds, with ample parking for several cars. An impressive marble staircase leads up to the covered porch and front door. The double entrance doors open into a very generously proportioned, open plan room with a sitting room and fireplace to one side, dining area and kitchen at the rear. Multiple patio doors lead out to the large covered veranda, ideal for al fresco dining. The kitchen is fully equipped with all modern appliances, and exits to verandas on both sides of the house. At the other side of the house, a doorway leads to two bedrooms and a family bathroom. Both bedrooms have balcony doors leading to covered terraces. A wooden staircase leads up to a further three bedrooms, and another large bathroom. Two of the bedrooms have their own private balconies, one on each side of the house. The main bedroom has an ensuite shower room and dressing room and has views towards the sea in the distance. All bedrooms have air conditioning, and central heating is installed throughout the house. There is also an alarm system in place. The gardens are mainly laid to lawn and surround the property on all sides. There is an outdoor shaded eating area and BBQ at the lower end of the garden. Mature trees offer a sense of privacy, and the countryside location adds to the peaceful setting. There is ample space in the garden for the addition of a swimming pool. Below the house is an enormous basement, currently used for storage purposes.
