Description

A luxurious hillside villa near Pentati on Corfu's west coast, offering breathtaking 180° sea views and unforgettable sunsets. Featuring three king-bed suites, bright open living spaces and an infinity pool set within 3,100m² of landscaped gardens. Situated less than one kilometer south of the picturesque fishing village of Pentati on Corfu's west coast, Serenity enjoys a privileged hillside setting surrounded by lush olive groves. Its dominant position offers sweeping 180° sea views—from the southern horizon all the way north—creating an unforgettable backdrop from every room of the house. Sunsets here are truly extraordinary, with the sun appearing to melt directly into the deep blue Ionian Sea. Spanning 220m², the villa features three double bedrooms, each furnished with king-size beds and high-quality memory-foam mattresses. All bedrooms include spacious en-suite bathrooms, with two located on the first floor and one on the ground floor. An additional guest bathroom is also conveniently situated on the ground level. Complementing the indoor spaces are 25.46 sqm of terraces and 45.67 sqm of veranda, bringing the total built area to 291 sqm. The bright and airy living room on the ground floor opens dramatically onto the expansive veranda through a large sliding window, seamlessly connecting indoor and outdoor lounging areas. A second open-air sitting area with two comfortable sofas extends the relaxation space and maximizes the sea views. A dedicated dining area leads to a fully equipped Veneta Cucine kitchen, complete with induction hob, dishwasher, large refrigerator, microwave, extractor hood, and oven. From the indoor dining room, guests can access the shaded outdoor dining area—covered by two large awnings—featuring a large stone dining table and a built-in wood/charcoal BBQ. The property includes an impressive 5×13 m infinity pool overlooking the sea, surrounded by a generous sunbathing area with loungers and umbrellas. The landscaped garden is maintained by an automatic irrigation system and extends over a total outdoor area of 3,100 sqm. Designed in refined neo-classical style, Serenity was conceived to offer unmatched comfort and panoramic sea views. There is also the possibility to build an additional 200m² guest house, adding more accommodation and significant value and potential to the estate.
