Description

Custom built by Kerber Homes, this sensational home has breathtaking, sunset views overlooking a private, uninhabited 41 acre lake and surrounding wetlands. This home is fresh and bright and has it all! Bright white woodwork and classic oak hardwood floors throughout most of the main floor. The hub of the home is the new center island kitchen with high end appliances. It's surrounded by a grand great room, cozy family room, each with a unique stone fireplace, formal and informal dining and easy deck access to take in the incredible views. The main floor primary suite has a fabulous full bath and large walk in closet. The right-sized main floor office is perfect for the WFH needs. Upstairs you'll find 3 bedrooms (one has a glass door and works well as a second office) and a huge bonus room. The walkout lower level has another two bedrooms and bath as well as a full kitchen and laundry and direct access from the 4 car garage.
