## Description

Absolutely gorgeous Thomas Gipson custom built home with walk-out basement, saltwater pool and hot tub. Over 6000 sf of non-living space in multiple decks, patios, screened porches, two walk-in attic spaces and the 4 car garage. From the moment you step in the front door, you feel the elegance of a well designed home featuring a curved staircase that leads to the die-for basement and 2nd floor. Note there is a back stair case also from the kitchen to the second floor for added flow in the home! At the front of the home is a spacious dining room and a study with French doors & built-ins. The home offers an open concept with a large family room and a keeping area. The gourmet kitchen has white cabinetry, Café brand appliances (refrigerator, 2 dishwashers, dual ovens), quartz countertops and new tile flooring that extends seamlessly throughout the main level. The owner's suite exudes luxury with elegant lighting and plush carpet. The owner's bath is truly spa-like with its separate shower and tub, heated floors, upscale dual vanities, and two walk-in closets, not to miss the unique deck area accessible from the bath area. Three spacious bedrooms are upstairs and a versatile flex space (can be used as a hobby room, homework room or second office). The basement is impressive with a theater, bar area/full kitchen capacity & newer appliances, two fireplaces, multiple entertainment areas and a built-in aquarium you will love as well as the 5th bedroom with direct access to the pool. The laundry room is large with a utility sink and tucked away on the main level with a separate entrance to outside. Beautifully landscaped lot with irrigation system. 4 car side load garage, circular driveway, and private backyard make the outside of the home as appealing as inside. Whole house generator! Enjoy the community amenities of The Registry at Bailey Farm, including a pool, clubhouse, and tennis/pickleball courts. This home has it all! Don't miss your opportunity to make this truly special home yours.
