Description

In-Law Suite. Basement Apartment. Second Living Space. No matter what you call it, this home has a space that is rare and hard to find. Situated on a 2.5-acre lot at the end of a quiet street, this property has much to offer. The main level features three spacious bedrooms, two full bathrooms, an office/flex room, a full laundry room, a well-appointed kitchen, a living room with a fireplace and tall bookshelves, and a screened deck ideal for enjoying peaceful outdoor moments. Downstairs, the partially finished, walkout basement provides an additional living area with two bedrooms, a full kitchen, a laundry setup, and a large living room—perfect for extended stays or rental potential. Also in the basement is a 30'x13' storage area with a concrete/block room for safety of valuables and a place to have peace of mind with the unpredictable Kentucky weather. The 2nd bedroom in the basement does not have a closet. This could be an office/flex room, too! Don't miss out on this hidden gem!
