Description

Welcome to a home that blends comfort and style, featuring an open concept layout that unites spacious living, dining, and kitchen areas in perfect harmony. Set on a wide, tree-lined street, this Classic Colonial offers 1,472 square feet of space with 3 bedrooms, 2.5 baths, and a layout designed for modern living. The inviting living room, with its elegant wood and electric fireplace, sets the tone for cozy evenings, while the newly renovated kitchen - a chef's dream - boasts a large center island, sleek finishes, and a flexible gas or electric cooktop range. First floor also contains a bonus room, perfect for a home office or guest room. The third level features a spacious attic, perfect for use as a game room, media space, or creative studio, while the finished walkout basement adds even more versatile living space to the home. The outdoor space is equally impressive, with a fenced-in backyard ideal for entertaining or relaxing in privacy. Additional features include a detached garage with enough space for projects, a separate shed for tools and equipment, and a 3-1 car width driveway with ample street parking for guests. This home is a rare find. Schedule your private tour today and discover its elegance for yourself! Close to major Highways, Schools, Shopping Centers, and NYC Public Transportation.
