Description

Discover your new home with a new price in the Sanctuary at Forest Sound, where limited opportunities remain in this sought-after neighborhood. The Hemingway model from American Homesmith features 4 bedrooms and 2.5 bathrooms. The main floor offers a versatile study/formal dining area with craftsman-style wainscoting and a tray ceiling, leading into an open-concept family room, kitchen, and breakfast area. The kitchen is a chef's dream, showcasing timeless white cabinets, a large center island in dark grey, quartz countertops, a subway tile backsplash, soft-close drawers, a pantry, and stainless steel appliances. The bright family room is highlighted by a shiplap fireplace with natural gas logs and a stunning coffered ceiling. Step outside to unwind on your covered porch, overlooking a private backyard perfect for entertaining. The first floor also includes a mudroom and a half bath. Upstairs, the master suite features a tray ceiling, a luxurious bathroom with double vanities, a walk-in shower, a separate soaking tub, and a walk-in closet with custom wood shelving. Three additional bedrooms, a bathroom with a double vanity, and a convenient laundry room complete the second floor. The unfinished walk-up third floor comes plumbed for a full bathroom, offering endless possibilities for future customization. This home promises both comfort and convenience with features such as a sodded and irrigated yard, wide plank laminate flooring, crown molding throughout the first-floor living areas, and a high-efficiency natural gas tankless water heater. The community's future plans include a proposed boat storage area, making it ideal for water enthusiasts. Don't miss your chance to own this exceptional new home!
