£2,590,000
(€3,000,000)

Description

A four bedroom contemporary villa with mesmerising sea views and a unique design, close to amenities and the beaches of the prestigious NE coastline. Casa Maceria is the upcoming project of a well-known Corfiot architect, respected in the field for his innovative designs, attention to detail and use of traditional materials. The villa has been designed to make the most of the fabulous sea views and blend in to the natural surroundings by creating what is known as an earth home. Offering 208m² of living spaces, with four bedrooms in the main house and a separate bedroom in the guest house. Special attention has been given to the outdoor spaces with over 300m² of outdoor seating, dining and lounging areas, as well as a beautiful infinity pool. Olive trees are dotted around offering much needed shade during the warm summer months. The property is located close to amenities and a short drive (or even walk!) to the beautiful beaches the North East coastline is famous for.
