- **Exterior Living Space: Patio**
- **Fireplace Count: 1 Fireplace**
- **Fireplace Description: Fireplace**
- **Heating Type: Forced Air**

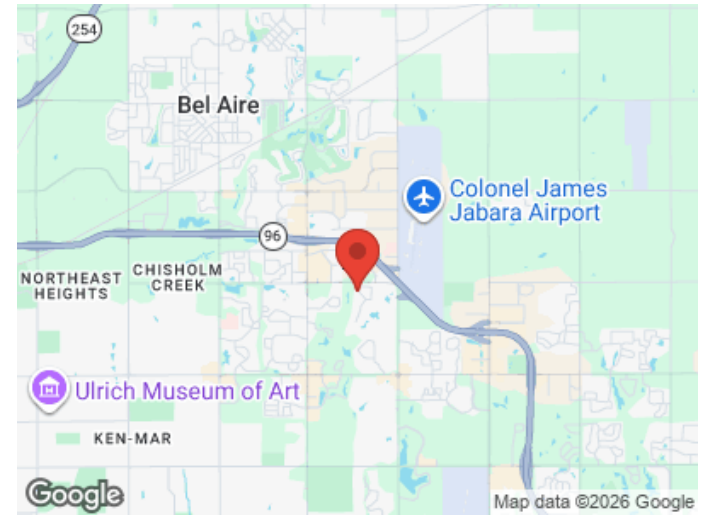

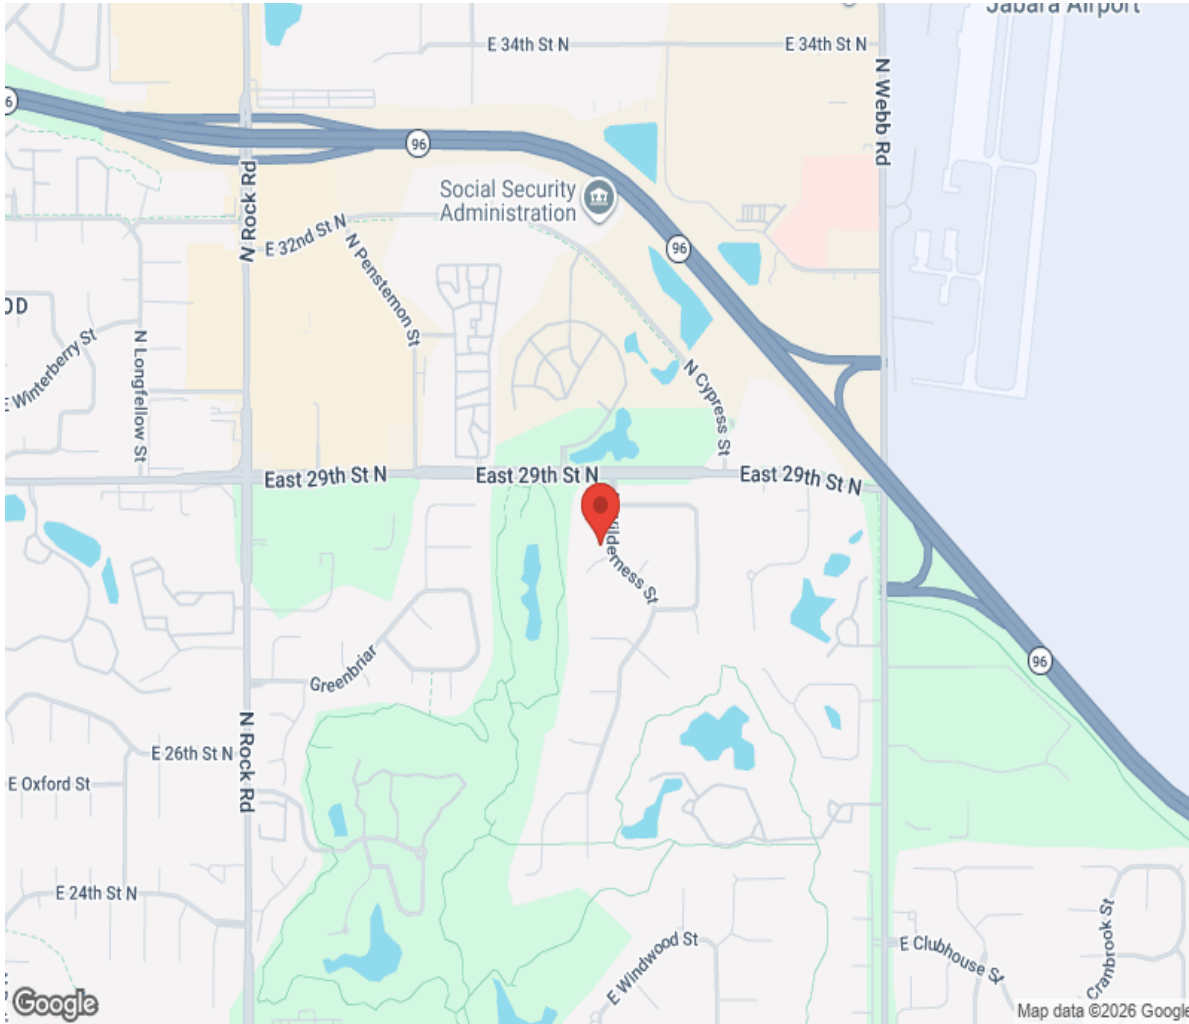

Attributes

📍 **Near golf course**

Description

"Outstanding" is what I thought to myself at every turn! Rarely do I see such a perfectly executed renovation and in the case of this home, "updated" would be an understatement. I've sold homes in Wilderness Estates at Tallgrass since the area was new and I loved the area so much that 23 years ago, I moved my family there! Few neighborhoods boast the gently winding streets, large lots, and ample common areas that afford the immense spacing between the homes! A full brick home situated on a beautiful ½ acre landscaped lot. When you step in the front door your jaw will drop. With the expertise of Hentzen Contractors, these long-time homeowners have done a masterful job of creating an exceedingly open and invitingly warm environment. Here is the Cliff's Notes version of the features: solid hardwood flooring throughout the main and second floors; a 5' wide staircase with hardwood treads; a fabulous new kitchen with stunning Quartzite countertops that are heated in the breakfast bar area, a built-in stainless refrigerator, 5 burner gas cooktop with downdraft exhaust, double ovens, under-counter microwave and wine cellar, farmhouse kitchen sink; a main floor guest bedroom that currently serves as an office and has a close proximity and newly remodeled main floor full bath; a main floor laundry with laundry chute; in-ceiling Sonos audio in the living room and kitchen. Upstairs are three spacious bedrooms; the primary bedroom is oversized and adjoins a splendid master bath with a freestanding soaker tub and a roomy doorless shower; a beautifully updated hall bath plus a walk-in hall closet with laundry chute. The finished basement offers additional living enjoyment including a family room with a wet bar and second fireplace; a bedroom with an 11' walk-in closet; a full bath; a game/billiard room and a large storage area. In the backyard, the paver patio is a welcome retreat with its log-burning fireplace, a charming arbor, an unobstructed view toward the golf course, and a sports court that can provide entertainment for all ages. Although I've told you a lot, there is still much more to see. Spring is just around the corner, so you'll be just in time to enjoy the lush landscaping and turf! You've been waiting, the opportunity is here, it's up to you to make it yours!
