Description

Welcome to your dream pool home conveniently located south of I-10. This stunning 4-bedroom, 2-bathroom brick residence has been thoroughly updated and maintained. The living area features an expansive, open floor plan with wood-burning fire place and high, vaulted ceilings. The sliding glass back doors overlook the newly resurfaced saltwater pool and large, privacy-fenced yard. You'll find updated LVP flooring in the main living areas and newer carpet in the bedrooms, which has been shielded from pets. In the kitchen are new granite countertops and new stainless steel appliances. The open layout provides plenty of space for a dining table plus an additional flex area that is being used as an office. The master suite is a true retreat, featuring a spa-like bathroom with a double vanity, two walk-in closets, a soaker tub, and a separate shower. Three additional spacious bedrooms are on the other side of the home and share a full bath with updated granite vanity. Enjoy peace of mind with a 2021 roof, 2017 water heater, and HVAC with OxyQuantum LED UV and MicroPower Guard Air Cleaner. The current sellers have an existing survey, 4-point inspection, wind mitigation report, and previous inspection summary they are willing to share. This home is turn-key and ready to SELL! Located on a .38 acre level lot with irrigation, this impressive property recently had over \$25,000 invested into upgrading the pool, which includes a new pump, tile, and total resurface with ecoFINISH, which is a cutting-edge polymer coating that is designed to be extremely durable and resistant to fading and cracking. It's a like-new pool ready for its new owner. The location of this home just south of Interstate 10 is ideal. It provides ease of access to a myriad of Crestview shopping and dining options as well as better proximity to Duke Field and Eglin. It's super convenient to bypass the traffic on 85 north of I-10. Schedule your showing today and make this Crestview gem your own!
