Description

A recently refurbished, five bedroom villa with private sea access. Situated in an elevated position at the edge of St Spyridon beach, Villa Aimilia has beautiful views towards the sea and private access to the beach from the garden. A driveway leads up to the house, with stairs leading to the pool area and round to the front entrance. An open plan living and dining room on the ground floor have multiple sliding windows leading out to the terraces surrounding the house. A modern kitchen is located to the side, complete with all modern facilities. The high ceilings and numerous windows give a sense of space and airiness to the house, complemented by the sea views which are visible from almost everywhere. There is also a bedroom and ensuite shower room on this level, with a mezzanine area above. The bedrooms upstairs are reached by two separate spiral staircases, each one leading to a landing area with two bedrooms with ensuites. Each bedroom has its own private balcony, almost all of which have sea views. Outside and to the side of the house is a shaded barbeque and dining area. The front of the property has been laid to lawn and has uninterrupted views of the sea, with ideally placed seating areas taking in the views.
