Description

This beautifully maintained home in the highly sought-after Lakeside school district is rich with classic curb appeal, deep set on its lot with a separate two car garage. A sprawling front porch welcomes you into the home's foyer. Past a formal dining room you'll find a bright galley kitchen with white cabinets, tile backsplash and stainless appliances (including double ovens) and a side door to easily access the garage. A separate breakfast area has rear patio access, too. The living room centers around a brick fireplace and has access to the main level's full bath. There's a bedroom on the main, too. Upstairs, the primary bedroom is well-sized and has an ensuite bath. Two additional bedrooms upstairs share a hall bath. A partially-finished terrace level provides even more living space with a huge bonus room that's great for a home gym, office or rec room. Even more unfinished space provides more room for finishing or storage. Lots of this great furniture and many of the collectibles are also negotiable in the sale. Come check it out!
