Description

A property in need of renovation, just a few meters from Almyros beach. Casa Celena is a project in process from its current owners. The property used to be individual apartments for touristic purposes, but currently it is being turned into a spacious villa. The large garden offers full privacy and space for a pool, while being 400 meters away from Almyros beach, through a flat and easy to walk side road. Almyros has been a great investment area in the last years with lots of touristic developments. Casa Celena can be sold together with Wave villa Ref number: 20872.
