## Description

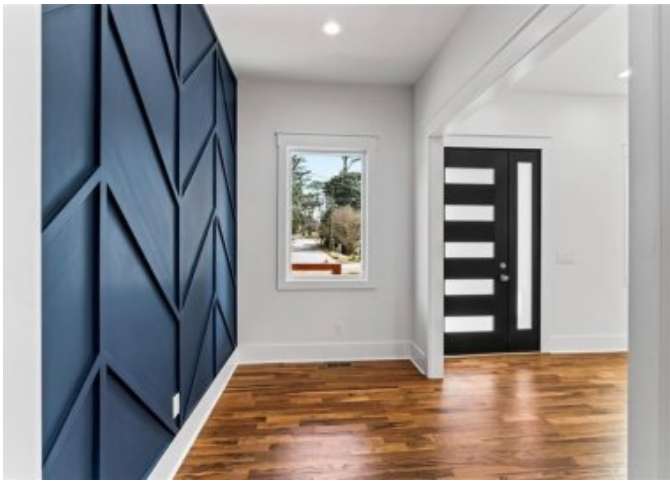

Absolutely gorgeous new construction in the Kirkwood area. No detail was left out in the construction of this five-bedroom home. The main level boasts an open floor plan with a gorgeous kitchen with high-end appliances; a family room with glass fireplace and stunning view to the covered back porch and back yard through the bi-fold glass doors; plus a bedroom with attached full bathroom. There's also a "hidden" wing with a half bath and laundry room. Upstairs features a loft area with access to the balcony, plus four bedrooms. Every bedroom in this home has direct access to a full bathroom. The primary bedroom features a walk-in closet, large bedroom area, and sitting area with glass fireplace. The primary bathroom has two floating vanities, a double shower plus an enclosed free-standing bathtub. The detached two-car garage has an EV charger and automatic door opener. The level lot has been freshly sodded and landscaped (both front and back). Don't miss one of the nicest crawl spaces you will ever see in intown Atlanta; it's tempting to just go ahead and call it a partial basement. Needless to say, this home is move-in ready. The photos don't do it justice; you must see it in person.
