## Description

Welcome to this exceptional custom residence in the prestigious Thornblade community—offering an unbeatable location just minutes from I-85, GSP International Airport, and an array of top-tier shopping, dining and schools. From the moment you arrive, the stately front porch with classic columns sets the tone for timeless elegance. Step into a soaring two-story foyer that makes a stunning first impression, flanked by formal living and dining rooms adorned with gleaming hardwoods and extensive trim work. With over 26,000 linear feet of exquisite dental molding and beautifully crafted raised and tray ceilings, this home is a true testament to fine craftsmanship. The expansive, chef-inspired kitchen is a standout, featuring granite and Corian countertops, stainless steel appliances—including three convection ovens, a five-burner gas cooktop, two dishwashers and a vegetable sink with disposal. Custom cabinetry with glass fronts, a walk-in pantry, a butler’s pantry and a bright breakfast room complete this entertainer’s dream. The kitchen flows seamlessly onto the back deck and into a spacious and light-filled great room with custom built-ins and a woodburning fireplace with gas starter, ideal for gatherings large or small. With five generously sized bedrooms and a versatile layout, this home accommodates a wide range of lifestyles. Notably, the main-level bedroom with a full bath and two closets offers exceptional flexibility—perfect as a dedicated in-law suite, guest quarters, or can be easily converted to a luxurious primary suite on the main floor, offering convenient one-level living if desired. Upstairs, the large primary retreat features dual closets, separate vanities, a jetted tub and ample bathroom storage. One secondary bedroom offers an en-suite bath, while the two others share a hall bath. A very spacious carpeted flex room with a large wet bar, dedicated office spaces with built-in desks, a convenient half bath and recently re-built back stairwell add even more versatility to this thoughtfully designed home. Additional highlights include a true hard-coat masonry stucco exterior, some plantation shutters along front and an oversized three-car garage with four storage closets and a built-in workbench. Recent updates within the last several years include three HVAC units, gas pack for downstairs, two tankless water heaters and an architectural roof, providing peace of mind for years to come. Step outside to a private, lushly landscaped backyard featuring a two-tiered cedar deck, stone paver patio, full yard irrigation and landscape lighting—an ideal setting for relaxing or entertaining. This meticulously maintained home offers the perfect blend of elegance, comfort and functionality—all nestled within one of the Upstate’s most coveted neighborhoods.
