Description

Opportunity knocks with this updated, income-producing 2-family home. Charming, sun-drenched, and move-in ready - this beautifully renovated Maplewood gem is tucked on a peaceful street in the desirable Hilton neighborhood. Fully renovated and meticulously maintained, this property features newer central air (2018), thermal windows, and a freshly painted exterior. Blending comfort and style across two spacious units, both feature updated kitchens, with granite countertops and stainless steel appliances, gleaming wood floors, newer plumbing, abundant natural light, an open flow with a flexible floor plan, and generous spaces. A covered front porch invites you into the first floor apartment with an entry hall, a connected living/dining room, a sunny den, spacious kitchen, full bath with a tub/shower, and 2 bedrooms. Upstairs, the 2nd floor apartment boasts 3 bedrooms, a connected living/dining room, kitchen, full bath with a tub/shower, a bright den and a screened-in porch, the perfect place to relax at the end of the day. Both units enjoy dedicated laundry and extra storage in the newly painted basement. A 2-car garage, extra parking, and level backyard complete the picture. Just 2 minutes to the NYC train jitney, and close to DeHart Park, Artie's, and Boyden Avenue's revitalized retail scene. Perfect for an investor or an end user who wants additional rental income, this home is not to be missed.
