Description

Soaring above the city on the 29th floor, this exquisitely designed residence embodies contemporary elegance with breathtaking Pacific Ocean views from every room. Watch the sun dip below the horizon from your expansive 142 sq. ft. private lanai, then retreat to one of two generously sized bedroom suites, each with its own private bath featuring upgraded modern vanities that blend style with sophistication. The interior showcases elegant bamboo flooring, a sleek open-concept kitchen with granite countertops, and one secured, covered parking stall. Located in the prestigious Harbor Court, this property offers resort-style living with only five units per floor, ensuring an exceptional quality and privacy. Ideally situated for downtown living, as a second home, or as an investment property, just minutes from theaters, fine dining, art galleries, boutiques, farmers markets, and the world-famous Ala Moana Beach and Shopping Center. Harbor Court's amenities include a heated saline infinity-edge pool, whirlpool spa, recreation area, gazebo, fitness center, and BBQ area. The building is pet-friendly and VA loan eligible.
