VILLA ANALIPSI, Analipsi, Corfu

4 🏠 3 🚗

£830,000
(€950,000)

Description

An immaculate, recently completed property in a peaceful location close to Ipsos beach. This modern house has been built to a high standard using only the best quality materials. Located in the area of Analipsi, it is a short drive from Ipsos beach and all the bars and restaurants along the seafront. Corfu Town is also only a 25 minute drive away. The property sits in a large plot of 4000m², offering space for the addition of the swimming pool and further development of the gardens. There is a large parking area at the lower part of the plot, with an entrance gate that is already wired to be remotely functional. Steps up lead to the terrace and the front entrance of the house. The main floor has a spacious and bright open-plan sitting room with energy fireplace, and an impressive, modern kitchen/dining area to the side with state of the art, electronically controlled cabinet doors and naturally antibacterial quartz countertops. Sliding doors lead out to patios surrounding the house. The views from these patios are both north-east and south facing. There is a bedroom on the ground floor and a shower room, and a further two bedrooms upstairs and another contemporary shower room. The upstairs bedrooms exit out onto a very large terrace with lovely countryside and sea views. There is a separate, one bedroom apartment to the side of the house which measures 40m² and requires completing. It can technically be joined to the rest of the house opening through a small storage room in the main house. The owner is a developer, who can provide services for the completion of the building and outdoor area, including swimming pool.
