Description

Serene Corner Townhouse in the Heart of Naples. Nestled at the back of a charming Naples community, this beautiful 3-bedroom, 3-bathroom with loft corner unit offers the perfect balance of privacy and sophistication. Enjoy tranquil yard views, extra quiet, and the sense of space that only a corner unit can provide. Step into an open-concept downstairs that creates a quaint, welcoming atmosphere. The newly renovated kitchen features all-new appliances, quartz countertops, tile backsplash, upgraded cabinets and stylish finishes. The smooth flow from kitchen, to dining, to living is perfect for entertaining or everyday living. Freshly painted interior, plantation shutters, newer carpet, and a wood-burning fireplace enhance the cozy vibe. With the primary suite and an additional bedroom on the first floor, plus a versatile open loft upstairs alongside a third bedroom and full bath, this layout suits every lifestyle. Upgrades include a new A/C, new washer and dryer, and new roof (courtesy of the HOA). Parking is a breeze with two spaces-one covered. Outdoor enjoyment is seamless, thanks to the large screened-in lanai-ideal for quiet mornings or evening gatherings-and a cozy screened-in sitting entry, perfect for welcoming guests or relaxing with a good book. Whether you're entertaining by the fireplace or enjoying the tranquility of being nestled in Naples, this open and airy townhouse is your private retreat in one of Florida's most desirable locations.
