## Description

Sparkling with pride of ownership and meticulously maintained, this home is ready for an owner who wants to move in and enjoy life on this very desirable street. As you enter the home, you are welcomed by the beautiful inlaid floors--these are not to be missed! Next, pretty terra cotta tiles grace the dining room and kitchen and make these spaces comfortable and hassle-free--a graceful union of form and function. The kitchen is lovely with stainless appliances, Silestone counters, and a counter area that is complete with stools--perfect for morning coffee and an afternoon snack. Throughout the home, on its many (newer) windows, Hunter Douglas blinds have been installed, and these let in an abundance of natural light. Recessed lighting and premium ceiling fans add to the comfort of the home. Outside, enjoy a front patio, with nice outdoor furniture and a garden area, as well as a back patio with a grassed area for summer BBQs. The recently finished lower level, with gleaming epoxy flooring, has space for a room of your choosing--a den, a guest room, a home office--the possibilities are endless! A built-in counter in the lower level can function as a crafts table, a computer desk, or a clothes folding area--really, whatever you want! A garage and a driveway that can accommodate two cars complete the home. Book an appointment; visit; and make this beauty YOUR new home today!
