Description

Prestigious 6-hectare estate featuring a Manor House and guest residence, swimming pool, tennis court, and pool house. Just a few minutes from Lausanne, this vast domain of more than six hectares opens onto a breathtaking panorama of the Alpine chain and offers rare privacy. Completely renovated in 2021, the property is presented today in perfect condition, ready to welcome its new occupants without the slightest additional arrangement. The main house joins an elegant guest villa to offer generous reception lounges, numerous suites, areas dedicated to well-being, and accommodation for staff. The interior architecture subtly marries noble materials with contemporary touches, creating a warm and refined ambiance. The landscaped park, designed by a renowned architect, unfolds its pathways punctuated by rare species all the way to a large greenhouse devoted to exotic plants. A heated swimming pool bordered by vast terraces invites prolonged swims, while a pool house equipped with a sauna, fitness room, and kitchen lounge extends moments of relaxation. A tennis court completes the ensemble for outdoor sports enthusiasts. Security is ensured by an entirely enclosed perimeter, a sophisticated alarm system, and a guard post at the entrance. Six covered spaces, as well as a large outdoor area capable of accommodating more than fifteen vehicles, easily meet the requirements of a large-scale reception or an automobile collection. Between grandiose nature, top-of-the-line facilities, and discreet elegance, this refuge close to Lausanne combines art of living and serenity in an exceptional setting.
