Description

A large countryside home, in a quiet location within easy reach of Corfu Town and beaches on the west coast. Situated in the area of Pikoulatika, close to the villages of Gastouri and Kinopiastes, this large family home sits at the top of a large plot of land. Built in the late 1980's as a family home, no expense was spared in completing the project. A driveway leads along the edge of the plot up to the house, where there is private parking for 2-3 cars. The main entrance is up a few steps and leads into a large open plan room. The kitchen is located to one side, fully equipped and with an island in the middle. A couple of steps lead down to the sitting and dining area, complete with working fireplace and large sliding doors leading out to a spacious covered terrace overlooking the grounds. There is an office area also at the other end of the room. A door leads from the kitchen to a spacious double bedroom and ensuite bathroom. At the other end of the house, there are a further two good-sized double bedrooms which exit out to a covered terrace. Between the two rooms there is another bathroom. Upstairs there is a further room and bathroom which could make a fourth bedroom. There is a generous sized storage room also on this level. As well as the main house, there is also a 135m² basement level which with some reconfiguring could become a self contained apartment. It currently has three rooms, a bathroom and a small kitchen. There is a boiler room and garage also on this level. The gardens outside are mainly kept in a natural state, with beautiful mature trees and stone terraces. There is a bbq area to the side of the house where a sheltered eating area could be created. The house has central heating installed throughout and double glazed windows. With easy reach of Corfu Town and beaches on both the west and east coast, this property would make a lovely family home, or holiday retreat.
