Description

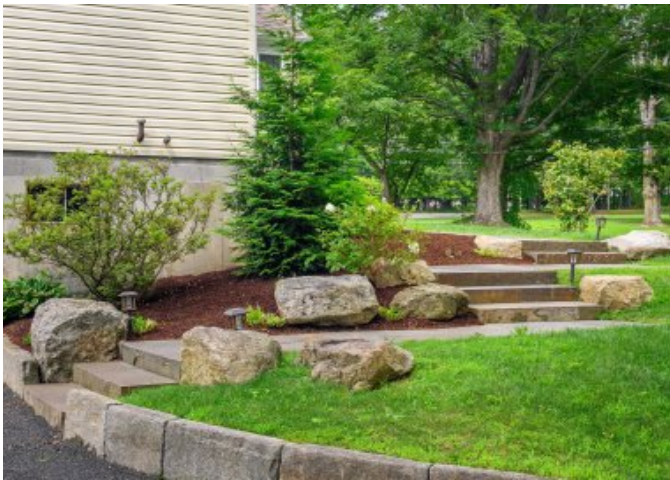

Have you been waiting for that home close to the Metro-North train station, within commuting distance to all points lower CT, Westchester and Putnam/Pawling NY? Or were you looking for a home within minutes to Candlewood Lake where you can live the lake life, too? Well--5 Gillotti Rd. is both! And it is also within minutes to the center of town and schools. This ranch offers a newly updated kitchen and 3 updated full bathrooms. Gleaming hardwood floors in the expansive living room lead to the massive EIK with gorgeous granite counters and SS appliances. The three bedrooms are all unique--one has a full bath with a separate sitting area and the other is large with plenty of room. The primary bedroom suite can hold a king-size bed and plenty of furniture plus it has an updated full bath, large walk-in closet and even a walk-out to a tiny deck. The laundry is conveniently located off the kitchen. The back deck is off the kitchen to make grilling and entertaining a breeze. The large basement is unfinished but clean and usable space and can be finished off. The two car garage and driveway with plenty of room for guest cars and off street parking is the final cherry on top. Set up the firepit in the level backyard and get cozy! This lovely ranch home offers most every convenience with its layout and location. This could truly be the one so hurry to see it. You will be glad you did.
