## Description

Traditional brick, two-story home for sale in Westborough Farms! This one-owner Hayden home was built with multiple upgrades and has been meticulously cared for. This four-bedroom, three-bath home has a three-car garage with a 4 ft extension of the 3rd car section providing extra storage or for a workshop. The foyer has marble flooring to the powder room, an open staircase to the 2nd floor leading to the family room with a line of windows overlooking the flat back yard big enough for an inground pool. Nine-foot main floor, and basement ceilings, plus vaulted kitchen and primary bedroom ceilings make the home feel open, and spacious. Fresh paint, new carpet, new stainless steel double oven, new electric cooktop, newer dishwasher, brand new granite countertops, and refinished hardwood flooring in the kitchen/dining combo. There is new vinyl in the main-floor laundry and the 2nd floor bathroom. Built with quality in mind, the primary bathroom has a marble whirlpool tub with marble surround and marble all the way up to the ceiling in the shower surround. The unfinished walk-out basement has rough-in's for both a bathroom and a fireplace, and an atrium door, banked by full-size windows, leading to a sealed flagstone patio under the 1-year-old maintenance free deck! This is the perfect home for a growing family! Built on a cul-de-sac and within walking distance to John Weldon Elementary, it couldn't be easier to call this your new home!
