Description

Situated on one of Bellville's best, tree-lined streets, this beautiful 4 bedroom home shows pride of ownership. Step inside a nice sized mud-room to the spacious, sun drenched main level to find beautifully preserved wood. Living room is cozy with wood-burning fireplace, which opens up to an additional family room. Office w/ huge windows is a plus, and large dining room is perfect for entertaining for the holidays. Many updates here, including renovated kitchen w/ new backsplash, stainless appliances & newly refinished hardwood floors. The breakfast nook has charming built-ins for storage & new hardwood flooring was added in this area. Bedrooms are generously sized with plenty of closets, and an oversized bedroom on the 3rd level would make a wonderful primary bedroom, and additional office space. Main bathroom has been updated, and the home has been freshly painted. New furnace installed in 2022 and valves were replaced on steam radiators. Unfinished basement can offer a finishing option. Lush, mature landscaping provides a private sanctuary in the backyard w/ deck and hot tub. Long driveway allows for plenty of parking & detached garage has shelves for storage & a 240 volt plug was added for charging an electric car. Belleville has the cherry blossom festival, and home is close to restaurants, shopping, schools, parks, train, & is perfect for commuting--12 miles drive to NYC! Don't miss the opportunity to own a piece of history w/ charm & character you've been dreaming of!
