Description

Looking for space, style and smart upgrades all just minutes from downtown? This Avalon home has it all, with 5 bedrooms, 2.5 bathrooms, and just shy of 3,000 sq. ft. Stylish comfort with updates throughout that you're sure to love! Starting with the gorgeous kitchen which features a quartz island and countertops, SS appliances + modern finishes/fixtures. Complimentary to the 4 spacious bedrooms on the second floor are the generous closets. You'll never have to fight for storage space again! The third floor is a true retreat: a wide-open living area and a private suite (5th bedroom) complete with a walk-in closet and a soaking tub. Step outside to find a serene, fully fenced backyard with a patio perfect for hosting all season long. No need to worry about parking. Here you'll find FOUR off-street parking spots as well as an EV charging station. All of this just walking distance to Avalon's charming downtown and minutes from the city. This stunning home is sure to check all your boxes!
