Description

Wonderful spacious home nestled in the heart of Old Brooklyn. This spacious 3 bedroom home has been nicely updated. As soon as you step onto the inviting front porch you have the feeling of home. The spacious living room 23 x 11 is across the front of the home and leads you to the dining room with built ins. The renovated kitchen features white cabinets and stainless steel appliances. The kitchen leads you to the back porch/mud room area that takes you out on a beautiful deck/sitting area that over looks the private backyard, ideal for entertaining. The second floor features 3 bedrooms with the owners suite offering two walk in closets. The unfinished 3rd floor/attic is a blank canvas for additional space in this warm inviting home. The two plus car garage offers additional space for a work shop or additional storage. This home and location does not disappoint. Schedule your showing today.
