Description

With room for everyone, this expansive 5-level split offers flexible living and thoughtful design throughout. Offering 3,019 sq. ft. of finished living space. The heart of the home is a breathtaking two-story great room filled with natural light, complemented by gleaming hardwood floors and a chef-sized kitchen with pantry, perfect for everyday living and entertaining. Just one level down, enjoy a spacious family flex space ideal for a media room or play area. The finished lower level adds even more space to host guests, complete with an additional full bathroom. Upstairs, retreat to the oversized primary suite featuring vaulted ceilings, a generous walk-in closet and a luxurious spa-like bath. Three additional bedrooms and a versatile loft complete the upper level offering plenty of space for family or guests. Step outside to a charming front porch surrounded by mature landscaping and a fully fenced backyard with an oversized covered patio perfect for summer gatherings or quiet evenings at home. The 3-car garage is upgraded with durable nature stone flooring for both style and functionality. Don't miss your chance, this one won't last!
