Description

A large chalet, 14 bedrooms, plus staff beds, close to the heart of village and skiing of La Tania, Courchevel - This 4 floor independent Courchevel chalet of about 415m² has 14 bedrooms and 13 bathrooms/shower rooms along with sitting, dining room and kitchen. There is also an entrance hall, boot room, utility area and laundry plus storage, office and staff rooms. Constructed in 1996 this chalet was one of the first in the chalet quater of La Tania, Courchevel and has very easy access to skiing and the telecabine, as well as the shops, bars, restaurants of this lovely resort frequented by families and friend groups alike. There are many options for this chalet. At present it can be used divided into 2 equal parts, just sharing the kitchen and dining room. It can be used as one large chalet for personal use, or run as a business. Equally, walls can be removed to increase the size and reduce the number of bedrooms to create a fantastic space for a family chalet. La Tania has a new beginners area and a fantastic blue, red and green run back to the village. *virtual visits available
