Description

Remodeled in 2017 and boasting a windstorm-certified roof (2021), this 3-bedroom, 3-bath home is a true standout located near Texas A&M University-Kingsville. Known for its wide, tree-lined streets and large lots, this neighborhood offers both character and convenience. You'll be WOW'd the moment you step inside. The open-concept living, dining, and kitchen area welcomes you with a wood-burning fireplace and flows harmoniously into a dream kitchen designed for gatherings. These rooms feature plantation shutters that frame the space beautifully. The show-stopper kitchen features a massive center island, stainless steel appliances including double ovens, gas cooktop, refrigerator, and dishwasher. A built-in buffet area adds both storage and entertaining flexibility. Just off the kitchen french doors open to a covered patio overlooking a gorgeous backyard with fencing, a 2-car carport with storage, and plenty of room for outdoor enjoyment. Back inside, the oversized primary suite offers a custom walk-in closet and spa-like shower. Tile floors throughout the home ensure easy care, and the laundry room (with washer and dryer included) adds everyday convenience. This home blends thoughtful updates, timeless features, and an unbeatable location schedule your tour today!
