Description

Located in the highly sought-after Nexus at the Vale community in the heart of Sunnyvale, this rare corner end-unit townhouse showcases 4 bedrooms and 3.5 baths across three thoughtfully designed levels. With a desirable southeast-facing orientation, the home is filled with abundant natural light. Built in 2018, the residence features two master suites, one conveniently located on the first floor for added flexibility, and another upstairs boasting soaring 11-foot ceilings and a custom walk-in closet. The second level presents an open-concept layout with a bright and spacious living room, complemented by a chef's kitchen with quartz and granite countertops, stainless steel appliances, a central island, an oversized walk-in pantry, and access to a generously sized private balcony and patio. Additional highlights include upgrades for a new refrigerator, engineered hardwood flooring, contemporary-style cabinet, EV charger pre-wiring, and smart home features, as well as an attached side-by-side 2-car garage. Enjoy community amenities like parks, playgrounds, and a clubhouse, all just minutes from major tech companies, Caltrain, Lawrence Expressway, HWY 101 and 237, shopping, dining, and more. This home perfectly blends modern luxury, comfort, and unbeatable location. Don't miss it!
