## Description

A four bedroom detached house on the North Corfu. The White House is a four bedroom detached property, built by its current owners in 2005. Over two levels, the main entrance leads into an open plan living room with woodburning stove, with a dining room and kitchen with two balcony doors leading to a spacious area with sea views. There is a bedroom also on this level, with windows overlooking the olive groves. A wooden staircase leads to the lower floor where there are a further three bedrooms, a bathroom and a small utility room. Two of the bedrooms overlook at the green hills opposite the house, with balcony doors leading out to the paved area. The grounds surrounding the property are well kept, with stone steps leading from one level to another. The first terrace has a large, paved sitting area and portable BBQ. The second garden level is where the intex pool has been installed, with plenty of sunbathing space surrounding it. The third level has been left in its natural state, with olive trees ensuring privacy. The property has its own private parking, and is only a short drive away from all amenities in Acharavi.
