Description

A recently renovated modern villa with three bedrooms and private sea view swimming pool. This exceptional villa enjoys a privileged position on a rocky hillside above Nissaki, on Corfu's northeast coast. Within easy reach of well-known NE coast beaches like Barbati, Agni and Kalami, the property offers complete seclusion with incredible sea views. Private gates lead into the property grounds where there is enough parking for up to four vehicles. The outdoor spaces compliment the property and surrounding area perfectly, with stone walls and paved terraces creating a charming setting that includes a built-in bar, an al fresco dining area, and a BBQ zone. The infinity pool—with its separate jacuzzi—is perfectly positioned to take full advantage of the magnificent views. The villa was fully renovated in 2023 and is now a successful holiday rental. Inside, the property spreads out over three levels. The main entrance leads straight into a light open plan room with a sitting room and fireplace, dining area and office space. Double patio doors let in the view and offer access to the pool area in front. Also on this level is a modern, fully equipped kitchen and a spacious ensuite double bedroom with a large picture window looking towards Mount Pantokrator and access to the side terrace. Upstairs there is another double bedroom with ensuite shower room, and the third bedroom is on the lower floor with access to a private terrace, also with an ensuite. There is a separate 20m² wooden house on the property grounds which could be used either as another guest bedroom, or a gym/office space.
