Description

Welcome to 182 W. Wistaria, a timeless single-level traditional home that is situated on an expansive 16,219 sq. ft. lot. Blending classic elegance with modern comfort, this home offers a refined retreat designed for graceful living and effortless entertaining. This home features warm stone facades, mature landscaping and abundances of fruit trees. As you enter you are greeted with sunlit, open interiors, gleaming hardwood floors, and large picture windows showcasing stunning views of the mountain. The kitchen features generous counter space, lots of cabinetry, and a convenient built-in workstation ideal for today's modern lifestyle. The thoughtfully designed layout features three spacious bedrooms, a dining room, formal living room and family room each with its own wood-burning fireplace. The primary suite is a serene oasis with gorgeous views of the tranquil backyard and a spa like bath that includes a deep soaking tub, a spacious walk-in shower, and dual vanities. Additional features is a resort like backyard with sparkling pool, covered gazebo, BBQ area and 2 car garage with a long driveway that's great for boats and RV parking. Don't miss out on the opportunity to own this beautiful home!
