Description

Extensively remodeled with exquisite taste and superior quality, this very special, light and bright one-story home harmoniously blends comfort and style and has been meticulously and painstakingly maintained. Its open and sensible floor plan begins at the formal foyer, leading to the skylit living room and dining area designed with the elegant entertainer in mind. This very expansive area, with its light-hued herringbone-patterned wood floors and two stone-clad fireplaces, opens easily to the backyard for seamless indoor-outdoor flow. The family room is warm and cozy with its wet bar and fireplace and opens to the fabulous outdoor living and dining room, complete with a barbecue area, outdoor fireplace and comfort heaters. The chef's kitchen has a breakfast area, quartz countertops, stainless steel appliances and double ovens. There are four bedrooms in total. The primary suite, also opening to the backyard, is truly wonderful with its ample closet space, many built-ins, beautiful spa-like bath and sitting area. Adjacent are two spacious bedrooms sharing a tasteful hall bath. The fourth bedroom is located by the kitchen, perfect as a gym, nanny's or housekeeper's room. The backyard is nothing short of glorious, every inch professionally landscaped. A true paradise, there is natural beauty to behold everywhere, all amidst the soothing sounds of an artfully-crafted cascading waterfall. There's also a separate multi-purpose art studio in the backyard, as well. Extensive updates, many of them quite recent, include central air and heat, metal doors and windows, many exquisitely-crafted built-ins, multiple skylights, recessed lighting, art-focused lighting, a separate generator connected also to the gas line, a Tesla car charging port, a new roof, a security system and so much more. The garage has extra storage and offers direct access into the house. Please ask the agents for a comprehensive list of updates. Inclusion in the very desirable public school districts which include Kenter Elementary School, Paul Revere Middle School and Palisades High School. All this, moments from the town center with all the shopping, dining and services that Brentwood offers.
