Large windows and patio doors allow natural light to flood the interior, seamlessly connecting the indoor spaces with the various private terraces and the expansive roof solarium - perfect for relaxing or entertaining while taking in the spectacular panoramic views. Set on a generous plot of 3,900m², the exterior of the property is equally impressive, featuring a 12-metre private swimming pool, double garage with electric gated access. The home is connected to mains electricity and benefits from solar panels providing hot water. In addition to mains water, there is a rainwater collection system with a storage tank used for irrigating the beautifully landscaped gardens that surround the villa.
