This exquisite, fully remodeled 3-bedroom, 2-bathroom home perfectly blends historic charm with modern luxury. Situated in a quiet, desirable neighborhood, it offers convenient walking access to downtown amenities and scenic river views. The house has been completely renovated from top to bottom, featuring a new roof and maintenance free gutter guards, new fence around whole back yard, siding, and energy-efficient windows. Inside, discover premium craftsmanship, including all-original, beautifully maintained wood work throughout the home that contrasts elegantly with contemporary finishes. The gas fire place puts off great heat in the winter! The chef's kitchen is a true focal point, boasting sleek quartz countertops in the kitchen, marble tops in the bathrooms and top-of-the-line cabinets. The property includes a spacious, deeper-than-normal, newly built 1-car garage. For those seeking even more space, the home offers excellent potential for expansion with both a full unfinished basement and a huge unfinished attic space, which could easily be converted into an additional bedroom or living area to suit your needs. The back yard is turn key ready with an established dwarf cherry tree, raspberry and blackberry plants, 3 varieties of grapes and a large strawberry patch as well as various blooming plants and a red bud tree in the spring and summer!
