Description

Outfitted with full-home solar panels and a whole-home battery system, this property can operate 100% off-grid when needed-providing unmatched peace of mind and exceptionally low utility costs. Welcome to this extraordinary, energy-efficient smart home in the hidden-gem community of Artesia, a private, gated enclave in Naples. This energy efficient 5-bedroom + den, 3-bath, 3-car tandem garage residence has over 3200 sq ft of living space on two levels. Completely updated and remodeled and while others were without electricity or internet during Hurricane Ian, this home remained fully powered and connected-a true testament to its resilience and advanced technology. The heart of the home is the renovated open gourmet kitchen, featuring quartz countertops, a large center island with seating for 6, and new stainless steel appliances. The kitchen flows seamlessly into the family room and out to the expanded lanai, where you'll find your private backyard oasis-a saltwater pool/hot tub, putting green, and outdoor TV surrounded by lush landscaping and backing to tranquil preserve land for complete privacy. At the front of the home, you'll find elegant formal living and dining rooms, perfect for entertaining. The bright, airy floor plan also includes a main-level bedroom and full bath, a convenient laundry room, and generous closet space throughout. On the upper level, the luxurious owner's suite boasts an oversized custom California Closet and a spa-like en-suite bath with gorgeous marble finishes, a curb-less glass shower with two shower heads, dual vanities, and a deep soaking tub. The second level also offers three additional spacious bedrooms, a huge loft ideal for a second living area, playroom, or gym, and a fully equipped theater room with a 135" screen, 4K projector, surround sound, and tiered seating. The staircase and upstairs feature upgraded wood flooring-no carpet anywhere-creating a sleek and low-maintenance environment. The 3-car tandem garage includes two EV chargers and ample storage. As a smart home, enjoy automation and control at your fingertips-including lighting, climate, security, and entertainment systems-offering both convenience and efficiency. Artesia's impressive 3-acre clubhouse campus offers resort-style amenities including a beach-entry pool, three pickleball courts, a multipurpose court, bocce courts, two dog parks, and an 8,400 sq ft amenity center with a fitness center, aerobics room, library, caf, billiards, craft and card rooms. Set within 261 acres of scenic landscapes and miles of walking and biking paths, Artesia also boasts NO CDD fees and low HOA dues that include cable, high-speed internet, lawn care, and trash service. This is luxury living at its finest-smart, sustainable, and completely move-in ready.
