Description

Welcome to this spacious, inviting, custom built colonial nestled mid block on a quiet, well-maintained tree lined street. This impeccable, tastefully designed home combines functionality, charm, comfort, and style in addition to it's convenient location. The home offers a warm and bright open floor plan with many possibilities. On the main level, you will find a welcoming foyer which leads you into the living room and formal dining room. Also On the main level, there is a half bath for your guests, and interior access to the attached 2 car garage that opens to a beautiful oversized Paver driveway and walkway. The heart of this stunning home is it's large eat in kitchen with granite counters, a Majestic Center Island with generous counter and cabinet space, and Viking appliances. The kitchen Flows into an adjoining sun filled den with a fireplace, and surround sound creating a cozy relaxed vibe. The basement is spacious and offers plenty of storage. Upstairs, you will find three generously size bedrooms, with custom closets, a walk up attic, a full bath, and a primary suite with en suite, vaulted ceilings, and two large walk-in closets. The home's oversized private yard provides a tranquil setting with a beautiful in-ground pool and landscaping, as well as an entertaining area and gas bbq. Hot tub and deck are a gift!! There's also a Whole house filtration system. This home is truly one of a kind! All information, deemed accurate buyer should verify.
