Description

Welcome to the pinnacle of West Texas living. This new construction home delivers over 2,000 sqft of refined comfort with smart design and functional flow. Four bedrooms, two full baths, and a bonus half bath support any lifestyle. Multiple living spaces include a main living room, a den, and a flexible bonus room that adapts to work, play, or guests. Modern all electric efficiency features a new Carrier SmartComfort HVAC system, a Rheem hybrid heat-pump water heater, and dual-pane argon-filled windows. A full builder warranty adds peace of mind. Outside city limits, your 13 unrestricted acres provide freedom, privacy, and room to build your vision. Two decks capture sunset views, and a new powered shop offers storage or workspace. This is high class country living designed for those who want space, quality, and independence. 2088 W FM 2105. The home and land youve been waiting for.
