Description

St. Mary Properties like these don't often come to market. So when it does, you need to seize the opportunity. Welcome to Cabarita Lookout, where the views of the Caribbean Sea, more specifically, the Port Maria Bay, Galina Point, and the mountains to the south beckon. This stunning property is spread over 3 levels with a generous size swimming pool as the entertainment hub. Each level offers its own outdoor space with majestic views, depending on the particular floor you're on. The ground floor accommodates two very private bedrooms, each with ensuite bathrooms. Access from these rooms to the swimming pool and deck is very easy. The first floor then offers a huge open concept comprising a large kitchen, dining, living room, a full bathroom and semi-wrap-around balcony. Ascend the wooden stairs to the primary bedroom suite which has its own private balcony and the best views of the house. The elevated bath tub on a dedicated pedestal provides fantastic views of the mountain or sea, perfect for that evening or morning soak. Come home to Cabarita Lookout today which operates as a full-service villa with its own website. It therefore offers great income earning potential.
